DISEASE GERMS IN SHALLOW WELLS If the farm is supplied with water from a shallow well it's an even bet that the family is drinking disease germs with every draught. At least that seems to be the case in Indiana, where Mr. Barnard analyzed the water from 5,000 wells and found half of them polluted. The Chinese keep healthy while drinking polluted water by making a weak organ of the Ozarks-The Ozark tea of it and never drinking anything but the tea. The boiling kills the germs. But in most cases pure water may be got by some pains and a little expense. -Farm and Fireside.
